

Census 2010

Stand Up And Be Counted!

The Atlanta Regional Census Center will be opening Early Local Census Centers (ELCO's) in October of this year and will post job openings for offices throughout Georgia, Alabama and Florida. For more information, call 1-888-586-9439 or email atrcc.2010jobs@census.gov

It is utmost importance that every household return accurately completed census forms. With our population increasing at such a rapid growth and with the amount of diversity we are experiencing, getting the best count possible will ensure our fair share of federal and state funding. We want to be sure and include every segment of our population to meet everyone's needs.

The Census is a count of everyone living in the United States, every ten years

It is mandated by the US Constitution.

It takes less than ten minutes to complete.

Federal Law Title 13 of the US Code protects the confidentiality of all your information.

We never identify you individually.

Census data are used:

To distribute Congressional seats to states

To make decisions at every level of government

To distribute \$300 billion in federal funds to communities each year

Locally, communities benefit from a correct census count to determine:

Future sites for new schools

Building local libraries

Obtaining water and sewer grants

Fire and police protection and

City improvement projects
